PAY FOR POST-MORTEMS. Attorney Mahoney Thinks the County

Bound to Settle.

The county commissioners held an adourned meeting yesterday afternoon and ordered the laying of 600 yards of sod at the poor farm at a cost not exceeding 8 cents per

Yard.

County. Attorney Mahoney furnished an opinion on the bill of \$25 of Dr. McManigal for holding ten post-mortem examinations. The claim is now in judgment, and the attorney thinks it would be unwise to appeal to the supreme court, as there is an implied contract that the county shall pay \$25 for each post-mortem ordered by the coroner.

CONTEMPLATING CHANGES.

Army "Divisions" May Be Abolished with These Results. Chicago papers have recently opened up the old question of doing away with the "divisions" of the army and placing the various departments in direct communication

with the secretary of war instead of having division commanders. This matter has been discussed many times before and there are whisperings about Washington to the effect that it may be taken up again by the secretary of war and the

scheme may be adopted. "If the secretary of war should see fit to break up the divisions," said a prominent army official yesterday, "in all probability General Miles would go back to California and take command of the department of the Pacific. The departments of the Columbia and the Pacific could be joined and make one very good department. It is now quite generally conceded that General Kautz will not go to Dakota, for he will be retired next January, and he has considerable work on hand with the superintendency small arms practice that will require most of his time between now and the date of his re-

"Should General Miles be sent to California General Ruger would protably be sent back to the department of Dakota with headquarters eliber at St. Paul or Chicago, Chicago is now the beadquarters of the division of Missouri. If the divisions were broken up Chicago would have to get the department headquarters away from St. Paul or be left in the cold so far as headquarters officers would be con-cerned. St. Louis would undoubtedly retain the headquarters for the department of Missouri. General Howard would probably be placed in command of the department of the Atlantic when that apparently useless divis-ion had been broken up. This arrangement would provide for all the major generals and brigadier generals, and would doubt be a more convenient method of handling the army than that in vogue at property."

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderfu! It possesses just those elements of healthgiving, blood-puritying and appetite-restoring which every body seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

GAMBLERS DISMISSED.

Judge Helsley Follows the District Court Precedent. The gambling cases against Kennedy, Bibbens, Morrison, Donnelly and White were dismissed today by Judge Helsley, who held that in view of the decision of the district court in the case against Price and Geiser it would be useless to bind over any of the above named defendants. "The case against Price and Geiser," declared the judge, "was stronger than any of the others now before me, and if a conviction could not be secured in that it certainly could not be in these. I do not propose to needlessly saddle the expense of a trial on the county, and the de-

fendants are therefore discharged." Sickness Among Children, especially infants, is prevalent more or less at all times, but is largely avoided by giving proper nourishment and wholesome food. The most successful and reliable of all is the Gair Borden "Engle" Brand Condensed Milk.
